How to Earn Darling Pixie Point Rewards:

All orders need to be placed thru me, Natalie Gramley, Stampin' Up! Demonstrator, to qualify.

- For every increment of \$50 you spend (excluding shipping, handling and sales tax), you earn one Pixie Point. For example, a product order of \$49.50, would not qualify for a Point but a product order of \$101 would qualify for two points.
- Separate orders may not be combined to earn points.
- One customer per tracking sheet. Points are not transferrable.
- You are responsible for tracking your orders and points.
- Earn 10 points and redeem using the online Pixie Points Rewards Form, found on my blog (www.nataliegramleystamps.com) in the drop-down menu under rewards program.
- I'll review the pixie points tracking sheet you submit and send your shopping spree info.
- 10 points earns you one stamp set in the current catalog OR \$60 in retired product from my site. Must choose either current product or retired and cannot combine.
- Pixie Points expire after one year. Year runs from one annual catalog to the next. Terms and conditions are subject to change.
